Scenic Railway Journey – Onboard the New Tygart Flyer!

A very comfortable, climate-controlled excursion that features two separate mountain grades, an "S" curve tunnel, passage into a 1,500 feet deep canyon with steep, densely forested slopes, and a high bridge over the meandering Shavers Fork of the Cheat River. The trip culminates at the High Falls of Cheat, an 18' high, 150' wide waterfall located in one of the most remote and pristine settings in the region.

This power-packed show highlights the history of our country's railway system and how it brought its local cultures together in a blend of music. From station to station and down the track, each city stop on this rail journey showcases the popular genres of music that are synonymous with that city and the artists that made them popular.
